

Application No. 10/762,068

**Amendments to the Specification:**

Please replace the second paragraph on page 3 with the following amended paragraph:

The cabinet is preferably disposed in the cab of a truck designated by weight classes 6 through 8.

Please replace the first full paragraph on page 5 (lines 11-17) with the following amended paragraph:

The present invention relates to a vehicle file cabinet for storing files, other paperwork, and utensils that serves as a seat support. The file cabinet preferably comprises a box shape and a sliding, lockable drawer, for storing files and other items. Although the preferred embodiment and figures describe the invention in the context of the cab of a large truck designated as a weight Class 6, 7, or 8 truck, the file cabinet of the present invention may be used with other transportation vehicles, including but not limited to Class 4 and 5 trucks, smaller trucks, vans, wagons, boats, airplanes, trains, and the like.

Please replace the third paragraph on page 7 with the following amended paragraph:

Turning now to the figures, Fig. 1 shows typical original equipment manufacturer seat 20 typical of a large commercial truck such as a weight Class 8 truck. Seat 20 is typically supported by original equipment manufacturer seat base support 22. In the preferred embodiment, file cabinet 24 supports seat 20 and replaces base support 22.
